Awkward antelope

Chapter 1 by Joakim

"I have always dreamt of being a lion" Amanda told me. I didn't know what to respond to that. I thought about saying something cheesy along the lines of "I could have been your antelope" but I didn't see that conversation going anywhere good.

"Lions are cool" I said, feeling way too awkward about myself. It felt as my voice could barely hold the words without breaking.

Chapter 2 by Joakim

I don't really understand other people and it's even harder with girls that I like. I just want to feel normal and say the things that people usually say but I don't really know what that is.

I should just stop thinking so much and do it! But what are you doing now but thinking? Yeah you are right..

"So lions huh? Did you know that they sleep like 22 hours of the day?"

"Yupp" I replied.

Why is it so hard to think of stuff to say!? The only thing I can think of talking about is the stupid weather but that's so boring. What do girls even like to talk about anyways? Hmm music is a pretty easy subject.

"Hey what kind of music do you listen to?" I asked looking over at her. Damn she is pretty.

"I like a lot of music, that's such a hard question!" she said giggling, and I couldn't help but smile in response.

"Okay, well then what's one of your favorite bands or musicians?"

She furrowed her eyebrows in concentration, and after a while looked up at me and replied

"Well..... I know you wouldn't expect it, but I love Jimmi Hendrix!"

She was right, that was unexpected! I was shocked and kind of amused, she did not look like the kind of girl who listened to Hendrix at all!

Chapter 4 by Adam Muller

"Jimmi Hendrix was like the lion of rock-n-roll..." I said. I couldn't help feeling it was the stupidest thing I've ever said.

Adam and no response from me. I inspected her profile and it said she had not responded to me and I had not responded to her. I had enough time to look at her profile and I saw she had a lot of followers and she had a lot of likes and comments and it gave me a good impression of her.

although it was a healer, the wounds would always remain sore for socially challenged individuals such as myself.

Time unfroze and was jarred back into existence with Amanda asking me what was my favorite Hendrix track, and I was immediately catapulted into another awkward moment, and felt myself spiraling downwards into the abyss of social inadequacy while mentally screaming WHAT THE HELL DO I KNOW ABOUT BLOODY JIMI HENDRIX!

Chapter 6 by Gabbathehutt

I slowly stared as Joakim The Awesome added me to his favorites. BTW Timothy Person is my teacher

Chapter 7 by intellikat

In that brief window of sidetracked time, Amanda departed and ended up marrying someone else.

Chapter 8 by jeffyb

We all died laughing at the spectacle that is life. It wasn't as funny as we had hoped. Terrible really.

the end
